

To our valued patients:

Thank you for entrusting us with your health care, we are honoured that you have chosen us to provide you and your family with the best service. At **All About Health** we are always looking to improve the delivery of health care to you, our patients, and we take this responsibility very seriously. To this end we have made significant investments in our clinic to meet the ever-changing and increased demands of health care in this very challenging time.

In the past few years we have launched our website, **allabouthealthmedical.ca**, where you can see all the exciting features our clinic now offers, and also introduced our **Annual Block Fee** program, which allows you and your family access to several services that will improve the quality and the speed with which you receive care. The Annual Block Fee is an optional method of covering costs for uninsured services. We encourage you to sign up for the Annual Block Fee program, as it will greatly enhance your patient experience; it will make requesting and receiving uninsured services a smoother, faster process. Please see the attached for full details of our Annual Block Fee program, including pricing; some of the main features of this program that patients will have access to include:

- 1) prescription renewals by fax directly to your pharmacist
- 2) online appointment booking
- 3) secure messaging one-way from the clinic to your email
- 4) having coverage for many procedures/ notes/ forms that OHIP does not cover

Payment for the Annual Block Fee can be made in a variety of ways. The easiest way to sign up for the program is through our website where you can pay with a credit card. Alternatively, you can pay the Annual Block Fee by cheque or cash in person at the clinic, or by cheque by detaching the payment section below and mailing it to us. If you prefer, you can detach and mail in the payment section below with your credit card information, we will call you to verify your name on your card and for your CVV before we process the payment.
